

RUBBEXX SHEETFED COATING BLANKET

FOR WATERBASED AND UV VARNISHES

CONTI-AIR® NITROGEN

FABRIC BASED PRINTING BLANKET FOR SHEET-FED:

High-quality coating blanket for sheet-fed offset printing:

- // Compressible rubber coating blanket
- // Well suitable for solid and spot coating
- // Uniform stripping depth

TECHNICAL DATA

Prining surface

Colour: green
52° Shore A

Compressibility at 1,350 kPa:
0,195mm

Nominal thickness (ISO 12636)
1,95 mm

Stripping layer

Stripping depth: 0,85 mm
