

RUBBEXX

SHEETFED COATING BLANKET

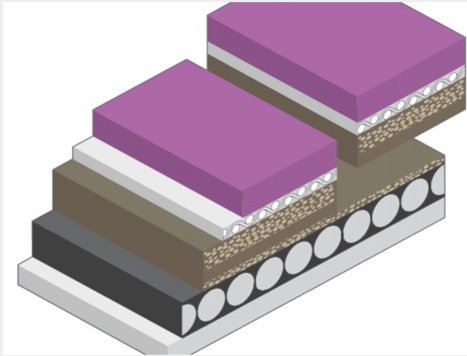

FOR COATINGS

STRIPPING VIOLET

FABRIC BASED SHEETFED COATING BLANKET

High-quality dedicated coating blanket for sheet-fed offset presses:

- // Unique patented cord fabric for high smash resistance
- // For water-based and UV-varnishes
- // Good relief depth (0.90 mm)
- // Quick and easy removal of the cover plate
- // Smooth round even coating transfer on all substrates

TECHNICAL DATA

Prining surface

Colour: violet
79-80° Shore A

Fabric layers

3 precision calendered fabric plies

Nominal thickness (ISO 12636)

1,95 mm

Stripping layer

Stripping depth: 0,90 mm
