# SHEETFED COATING BLANKET

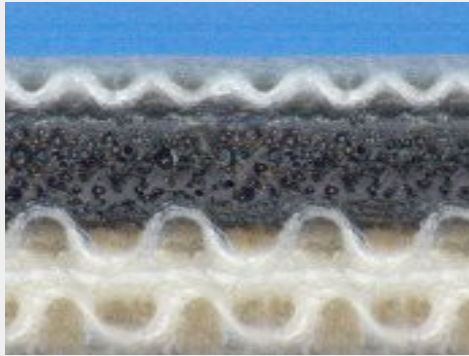

FOR WATERBASED AND UV VARNISHES

## STRIPPING BLUE 2016

FABRIC BASED SHEETFED COATING BLANKET

High-quality dedicated coating blanket for sheet-fed offset presses:

- // For water-based and UV-varnishes
- // Good relief depth (0.80 mm)
- // Quick and easy cutting and removal of the cover plate
- // Smooth round even coating transfer on all substrates
- // Excellent coating results on all substrates

### TECHNICAL DATA

#### Prining surface

Colour: Blue  
59° Shore A  
Roughness: Ra 0,9µ

#### Fabric layers

3 precision calendered fabric plies

#### Nominal thickness (ISO 12636)

1,95 mm

#### Stripping layer

Cutting depth: 1,25 mm
